60-141 Poznań  
Poland

LETTER OF INTENT

Dear Sir or Madam:

This letter is to confirm that the Bioventures Institute Ltd. is highly interested in using the technology performed by amide hydrogen/deuterium (H/D) exchange in solution coupled mass spectrometry (HDXMS) for the purpose of analysing protein-DNA interaction of mutant restriction endonucleases, belonging to the group of 

A handwritten signature in blue ink, consisting of several fluid, overlapping strokes.
